Title: Request the Government to set up a stay point under the ITDC at Bhatinda, Punjab.

SHRI BHAN SINGH BHAURA (BHATINDA): Sir, Bhatinda district has recently become a very important district in Punjab. The on-going project for oil refinery is nearing its completion. Besides this, there is a fertilizer workshop alongwith the Army Cantonment.

Apart from all these, the district has emerged as an important business centre involving a lot of people coming over Bhatinda daily. But these people who visit Bhatinda find it difficult to stay there as there is no good place to stay for a short duration.

Therefore, I would like to request the Tourism Department to look into the matter so that, under ITDC, there could be a place to stay for the people who come over Bhatinda for a short period.
